

Elder Abuse Annual Research Compilation

SEPTEMBER 2023 – AUGUST 2024

This annual compilation is a research guide containing articles relating to elder abuse, neglect, and exploitation that were published between September 2023 and August 2024.*

Search criteria and strategy: The articles were identified using the USC library catalogue database and applying the search terms *elder abuse*, *elder mistreatment*, *elder neglect*, *financial exploitation*, *adult protective services*, and *long-term care*. Only peer reviewed research articles published in English were included. Articles were excluded for non-relevance if elder abuse, mistreatment, or violence were not in the title or keywords.

This year's prominent themes in research included, but were not limited to, the following:

1. [Prevalence](#)
2. [Financial Exploitation](#)
3. [Risk Factors](#)
4. [Long-Term Care/Long-Term Services and Supports](#)
5. [Diverse Communities](#)
6. [Prevention and Intervention](#)
7. [Healthcare Settings](#)
8. [Mental Health](#)
9. [Adult Protective Services](#)
10. [International Studies](#)
11. [Miscellaneous Research](#)

Articles that related to multiple topics were placed in the category that was most central to the research and its application.
